## About this tool:

The Social Impact Wheel helps you to assess how your organisation or single projects are impacting the 17 SDGs (Sustainable Development Goals by UN).

Step 1: Use our SDGs Explanatory Cards to get familiar with these goals and their significance.
Step 2: Use post-its to score your organisation, product or project, based on its impact on each Goal.
Step 3: Identify improvement areas and use our ideation tools to get inspired and try to make a change!
